

WEBSITE DEVELOPMENT PROPOSAL

Prepared on: [Created Date]

Valid until: [Expiration date]

Prepared by:
[Sender Name]

Prepared by:
[Client Name]

Introduction

Thank you for your interest in working with [Agency Name] for your website development project. Having worked on a variety of web development projects with X number of firms, we believe you've come to the right doors.

At [Agency Name], our mantra is going above and beyond to assist our clients. Your satisfaction is of the utmost importance to us.

All of our developers are highly experienced, and have worked on websites for several reputable brands. In our proposal, you'll get to see some of our past projects. You'll also find timelines, associated costs and fees, and the terms of the project. The proposal clearly highlights why we believe we're right for this project.

Thank you for the opportunity!

[Names]

Executive Summary

[Client's Name] is in need of a comprehensive website that shell help the client achieve the following objectives:

-
-
-
-
-

Project Outline

We will build your website with [add tools here], using [add CMS here] content management system.

We chose [CMS] because it is easy to scale, reliable, and very easy to use. We recommend that you host your website with [add hosting provider] and choose [select hosting].

This will ensure maximum uptime and drastically reduce loading times while protecting your website.

We've added relevant examples of our previous work so you can see what we have to offer. Please see below:

Problem Overview

[In this section, you must highlight the major problems faced by the client.]

Solution Overview

[In this section, highlight all of the detailed solutions that you plan to offer to the client.]

Scope of Work

[In this section, you must provide a detailed description of the scope of work, including the pages of the site, any integrations to be added, and all the features to be included.]

Project Completion Timeline

We have devised the following timeline for completing your website development project. Please keep in mind that we have created these estimates based on our prior experience with similar projects.
